By the abolition of the Government Duty the expense of Fire Insurance is now reduced to such a figure that no one can be justified in remaining unprotected against loss, from an accident which may occur at any time, and in most unexpected ways.

In addition to the reasons which will occur to every one for supporting a local company, in which so many in the North are interested, there is the manifest advantage in being relieved of all trouble, and saved all responsibility, as to the correct description of the property proposed to be Insured; these duties, where practicable, being undertaken by the Company's officers.

The rates for Insurance vary from 1s 6d for each £100 and upwards, according to the nature of the risk.

Insurances in other Companies can be transferred without any expense other than the regular premium.

The Large Capital FULLY SUBSCRIBED affords ample security to Insurers, while the Directors can with confidence appeal to all cases where losses have occurred, to their promptitude in settlement, and their liberal treatment of the Insured.

The Directors will be happy to treat with Gentlemen of influence and standing to act as Agents for the Company.

PROSPECTUSES, FORMS OF PROPOSAL, and any other information, may be had by applying at the HEAD OFFICE, or from any of the COMPANY'S AGENTS.

F E R G U S O N B R O T H E R S,

*Designers and Manufacturers of SCOTCH
 JEWELLERY, by Special Appointment to H.R.H.
 THE PRINCE OF WALES.*

FERGUSON BROTHERS have much pleasure in announcing that they have now in Stock the largest and most varied assortment of JEWELLERY they have ever shown. The London-made Jewellery has been selected by them from the best Houses in the trade, and for true art-feeling and tastefulness of ornamentation, cannot be surpassed.

The very extensive selection of their own Manufacture combines gracefulness of outline with quality and strength, which are always important desiderata in all articles of Jewellery; and their long and careful study to develop the rare and peculiar beauties of NATIONAL and LOCAL GEMS has enabled them to utilise not only the more rare, but also the Granite and other Stones peculiar to the HIGHLANDS OF SCOTLAND.

The articles of Jewellery Designed and Registered by FERGUSON BROTHERS have now obtained a very high reputation; and are allowed by connoisseurs to be of such very high excellence that they have every confidence in recommending the following:—The SUTHERLAND BROOCH; the Grouse, Ptarmigan, and Blackgame Claws, as Brooches and Ear-Rings; the CLAW and BEAK VINAI-GARETTES, which are the greatest novelties produced for many years.

The old conventional patterns of ANCIENT CELTIC ORNAMENTS, the original styles of which have been preserved, and while justly admired for diversity, peculiarity, and elegance of design, each serves to mark an epoch or event of national interest.

The Mary Queen of Scots expressive Brooch. The Glenlyon and Lorn Brooches, exact copies of the original. The Urquhart Brooch (resembling the Roman Fibula or Toga Fastening), the Culloden Brooch, the Cullgower Brooch, the Tara, the Cross of Iona, the Norway Brooch, Hearts, Double Hearts, &c., Crest, Slogan, and Badge Brooches, with Ear-Rings to match. The Monogram Kilt Fastening. The Unique Crest Monogram and Motto Brooch.

B R A C E L E T S.

The Lorn Bracelet, the Hunterston Bracelet, the Highland Bracelet, besides a variety of other Bracelets, set with Scotch Pearls, Cairngorms, &c.

HIGHLAND DRESS ORNAMENTS, Dirks, Skean-Dhus, Sporrans, Shoulder Brooches, and Kilt Fastenings, all of which are made under the immediate personal superintendence of the Firm.

Of that superior quality which has won the fame of P. G. WILSON, the COURT GOLDSMITH and JEWELLER, at INVERNESS, and extended his business connection all over the world, and he would desire to call attention to the fact, that while his productions and Articles for Sale are of the best quality, his prices are not higher than those of minor establishments, his object being to secure a large amount of patronage, and at the same time the approval of his customers.
